About Us

PTS Multimedia, an internet-based marketing firm in Arizona, specializes in helping businesses leverage their brand through a wide variety of innovative marketing techniques, including: Social Media Marketing, Search Engine Optimization, Pay-Per-Click Advertising, Website Design, Video Email Marketing, Video Production, and Content Management.

PTS Multimedia is one of the first companies in the Phoenix Area to take a holistic approach to branding businesses on the web. The fundamental difference between web-based marketing and traditional marketing is the ability for a company to engage one-on-one with its customers. Building a relationship with a brand before, during, and after a customer's visit is crucial for maintaining customer loyalty.

Our company has already helped dozens of businesses gain a stronger online presence through the use of web-based marketing. At PTS Multimedia, we pride ourselves on customer service and being your one stop shop for all your online marketing needs.

Social Media

Let PTS Multimedia plan and implement a Social Media strategy that best fits your marketing needs. Social Media is changing the way we communicate and do business.

Search Engine Optimization

SEO is an essential part of an overall marketing plan. SEO will help your business appear at a higher ranking in search engines such as Google, Yahoo and Bing.

Pay Per Click

Pay Per Click Advertising is the best strategy to get your business to appear at the top of Google's search results. With Pay Per Click Advertising, you are bidding on a placement for your rank in Google using specific keywords and phrases related to your business.

Website Design

Let our web development team design and implement a custom website for you or your company. Our cutting edge designs, quality content, forward thinking, and usability will provide you a professional online presence.

Video Email Marketing

Let PTS Multimedia create a Video Email Marketing campaign on behalf of your business. We can create weekly video email blasts that are sure to help generate new business.

Video Production

PTS Multimedia can help your business by creating custom online marketing videos. Adding video to your business is a necessity for personal interaction with current and potential consumers.

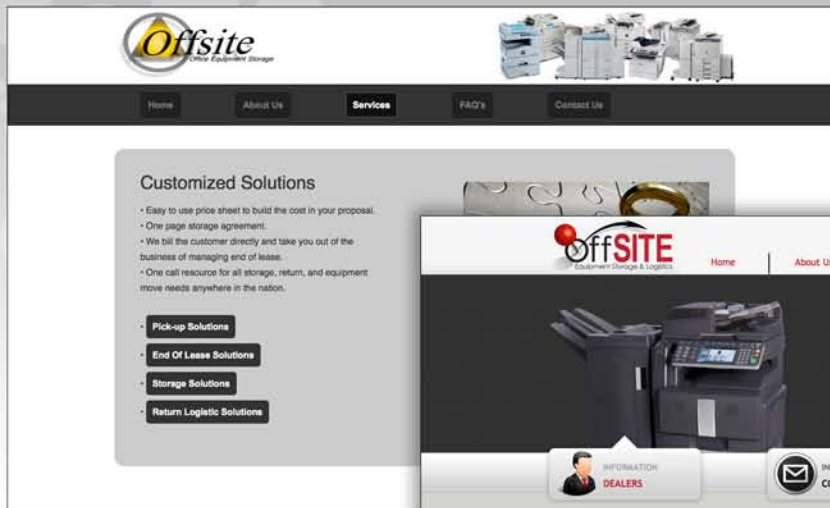

Content Management

PTS Multimedia has a team of professional writers that can help write content on behalf of your business. This includes content to be used on your website or in a press release.

QR Codes

QR codes are the hot ticket in mobile marketing... QR Codes are the latest in mobile marketing, great for on-the-go advertising for any company. No matter what your company's campaign, QR codes grants you immediate access with potential clients.
